About Team OTW

Sep 2022

Team OTW is a weird stat. It's the team with the best average rank over all scoring cats for the week. The lower the ranking, the better...because 1st place is better than 2nd.

Example: A score of 4.0 means the average rank over all cats is 4th place (out of 14 teams).

In the stats table...

"Best bop" and "Best pitch" are the best performance of any team in all five bopping or pitching cats, respectively.

"Team OTW" and "TOTW rank" shows the best average ranking over all 10 cats of any team that week...hence the (best) team of the week.

Interesting in 2022:

+ In week 20, Bay City finished first (average rank 1.0) in every bopping cat...the only team to do this all season.

+ The most dominant Team OTW: In week 3, Boston had an average 3rd place finish (3.0 ranking) over all cats.

+ It was a little tougher to dominate pitching than hitting. The best week for pitching was Naperville in week 1 with a 2.2 average ranking. The average average ranking (sorry) for pitching was worse too: 3.8 to 2.4.

+ Bottom line: It's tough for any team to dominate across lots of cats.

Team OTW – extra stats

Week	Best bop	Best pitch	Team OTW	TOTW rank
1	4.0	2.2	Naperville	3.7
2	3.0	4.0	Boston	3.0
3	2.0	5.0	Kelly Green	3.8
4	3.6	4.8	Naperville	4.6
5	3.4	2.4	PTBNL	4.4
6	2.2	4.2	Bay City	5.0
7	2.2	4.2	CRYO TED	5.0
8	2.4	3.4	Naperville	3.5
