This week in LP3

I was in the UK last week, so...

Week 9 Team OTW was **Southern Rocket**.

With an average cat rank of 2.9, Southern posted the strongest week of any team this season. Yow!

Team OTW - **Ronsby Swanson** is on an heater. Anthony and the lads have been Team OTW for 4 of the last 5 weeks. Yow! The Ronsby run has been fueled by **Aa Judge (nyy)**. Over the last 30 days: 31 run, 15 hr, 34 rbi, .542 obp

Players OTW (Yahoo, last 7 days)

- Best bopper - Aa Judge (nyy) #1, Ronsby
- Best SP - M Waldron (sdg) #11, **Lollygagger**
- Best RP - T Rogers (sfo) #48, **Vatican City Pope**
- Best free agents - W Flores (sfo) #12, C Holderman (pit) #34

Buffalo Chatbot update:

Blather

En homage to my visit to the UK last week, here's the intro to **Monty Python's Flying Circus**. (raspberry)

Did you know. The Monty Python music is a **John Phillip Sousa march**, [en.wikipedia.org/wiki/The_Liberty_Bell_\(march\)](http://en.wikipedia.org/wiki/The_Liberty_Bell_(march))

Week 11 Game OTW...it's a two-fer:

- #3 Breaking Beard @ #1 CRYO TED
- #5 Bay City Brawler @ #4 Vatican City Pope

One week from today: The return of the **Heatmap** in the aux stats. Stay tuned!
thanks...yow, bill
