

Holiday Hoops 2019 – ZIPR Ranking

Team	ZIPR	Rank	Zqual	Zquan
Greg's Genius Team	-55	5	-74	-40
Myles's Great Team	-79	6	-26	-122
Rip City Lumberjacks	24	4	48	4
Skulls	28	2	23	33
St Louis Lovebirds	57	1	22	86
UMiami Convicts	25	3	8	39

Week 11

ZIPR = Z-Score International Power Ranking

In H2L, the ZIPR score for each cat = $100 * (\text{average} - \text{league average}) / (\text{league stdev})$

Some examples, any ZIPR score:

0 is average performance

-100 is performance 1 stdev below average

100 is performance 1 stdev above average

Finally,

ZIPR = average ZIPR of all cats

Zqual = average ZIPR of quality cats only: FG%, FT%, 3PT%, A/T

Zquan = average ZIPR of quantity cats only: PTS, REB, AST, ST, BLK

thanks... yow, bill

PS - Zipr is a bastardization of the Z-Score statistic.
