Here's a snippet on this year's new, improved Jay Scoring Change (tm).
We basically doubled the points for yardage (more scoring) and eliminated the extra point from kickers (less scoring)

I compared the first 4 weeks of scoring this year to last season's scoring.

2015 (1st 4 games)... scoring = 80 ppg, stdev = 10

2014 (all 13 games)... scoring = 55 ppg, stdev = 7
